DISPENSING COURSE FOR HEALTH PROFESSIONALS

INTRODUCTION

The course is based on the recommended standard for the dispensing course for prescribers in terms of Medicines and Related Substance Control Act (Act 101) as amended.

COURSE STRUCTURE

The course is offered through a combination of self-study, workshop and facilitator guidance and support. A successful candidate receives certificate within 3 months of enrolment.

COURSE OUTCOMES

At the end of the course you will be able to:

- Identify and apply ethical, legal and therapeutic considerations in all facets of dispensing.
- Evaluate prescription and access patient profile.
- Dispense the prescription.
- Manage the procurement, storage and distribution of medicines.
- Advise patients to ensure quality use of medicines and improve health status.

ENTRANCE REQUIREMENTS

The course is intended for registered and practicing health professionals namely: Professional Nurses and Medical Practitioners.

CERTIFICATION

Upon successful completion of the course, the certificate of competence is awarded.

COURSE FEE

Option 1: R1800 (inclusive of tax) for training based on 1-day workshop.

Option 2: R2500 for training based on 2-day workshop. Option 1 includes a home-based assignment (POE). For group registrations, we bring the workshop and assessment to your area or workplace.

ACCREDITATION

The PHISA Dispensing Course is fully accredited by the South African Pharmacy Council.

APPLICATION

More information, including the registration forms is obtainable from info@phisa.co.za, or 031-5661453
